GleSYS

Certificate
of **Green Hosting**

GleSYS AB hereby certify that the hosting services delivered to

Mindbite AB

are environmentally friendly and powered by 100% renewable energy

GLESYS AB STRIVES TO MINIMIZE THE ENVIRONMENTAL IMPACT BY:

- Powering our data centers by energy labeled Good Environmental Choice (Bra Miljöval)

- Distributing excess heat to district heating grids

- Running our backup generators on EcoPar instead of traditional fossil fuels

- Reusing electronics when possible and recycling all end-of-life products

- Minimizing travels and chosing eco-friendly trasportation alternatives when possible

ISO 14001
CERTIFIED
A3CERT
